

# INTERNA

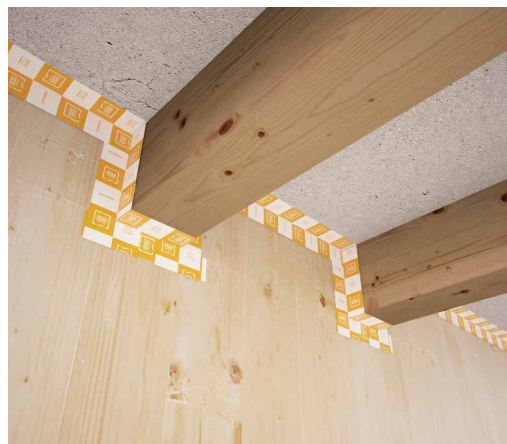

## SINGLE-SIDED TAPE FOR INDOOR USE

- The pre-formed carrier allows easy sealing of complex corners and edges
- It is also available with pre-cut liner for faster installation
- Reinforced paper support, ideal for indoor use; airtightness guaranteed over time

CODE	liner [mm]	B [mm]	L [m]	pcs
INTERNA60	60	60	25	10
INTERNA3030	30 / 30	60	25	10
INTERNA1248	12 / 48	60	25	10

Thickness: 0,33 mm

## COMPOSITION

- ① support: paper reinforced with protective film
- ② release liner: silicone paper
- ③ glue: acrylic dispersion without solvents

## TECHNICAL DATA

properties	standard	value
thickness	-	0,33 mm
adhesiveness	EN 1939	≥ 35 N/25 mm
water vapour transmission (Sd)	EN ISO 12572	6 m
thermal resistance	-	-40 / +100 °C
application temperature	-	-10 / +40 °C
storage temperature <sup>(1)</sup>	-	+15 / +25 °C
VOC emissions	EN 16516	< 5 µg/m <sup>3</sup>
French VOC classification	ISO 16000	A+
EMICODE	GEV test procedure	EC1 <sup>PLUS</sup>

<sup>(1)</sup>Store the product in a dry, covered location.
